SELECTMEN.

REPORT OF THE TRUSTEES OF THE MILTON FREE
PUBLIC LIBRARY.

The Trustees are highly gratified with the continued and apparently growing desire for good and wholesome reading, and are satisfied, from the benefits already manifest, that the town, in establishing a Free Public Library, did a wise and noble thing for its inhabitants.

In consequence of the restricted amount of annual appropriation that can be distinctively used for the purchase of books, the Trustees are encouraged in the hope that many citizens and former residents of the town may be pleased from time to time

to make liberal donations to the library, for any and all of which due acknowledgement will be made in the yearly printed reports.

OUTSTANDING NOTES.

| | |
|--|------------|
| June 8, '92, H. H. & F. A. Townsend, due June 8, '95, | \$1,000 00 |
| June 8, '92, H. H. & F. A. Townsend, due June 8, '96, | 500 00 |

April 9, '92, C. L. Lord,
due April 9, 96,

510 00

\$2,010 00

The work of the school year has been, as a whole, very successful. Our teachers have themselves made progress in energy and skill. In one case many complaints were made, and, near the close of the second term, two members of the School Board spent one whole day in careful examination of the work of that school without finding sufficient reason to make a change before the end of the year.

The pupils have made good improvement in several branches, especially in Reading, Spelling, Writing and Arithmetic. We found some of the best classes in Reading we have ever seen in Milton. The daily attendance has greatly improved. There are so many names on the Roll of Honor that, after much discussion, we decided, on account of the length of the Roll and as it would unduly enlarge our report, to honor the majority by omitting the roll in which the names of the majority, in several of our schools, are found.

There has been much question as to whether the money, received from the sale of a third of the South Milton schoolhouse, belongs to the District or to the Town. According to the Act of the Legislature authorizing that sale, the money belongs to the District; but the Town built and paid for that schoolhouse and therefore retains the money. A sum, equal to the sum so received from Rochester, is urgently needed, a little for the purchasing of additional school desks for two over-crowded school-rooms, but mostly for necessary "aids to teaching," maps, charts, simple apparatus, dictionaries, reference books; thereby largely increasing the efficiency and value of the teachers' work. In this way there may be great gain with small outlay. We earnestly recommend that the Town appropriate the sum of two hundred and eighty dollars for the purchase, by the School Board, of these special supplies.

The appropriation made one year ago for school books and supplies, we have used with utmost economy and yet we have slightly exceeded it. The expense for books and supplies the coming year must be greater than for the year just closed. Many of our books are worn out and there are other reasons for this statement which we have no room to explain.

One hundred and fifty dollars are needed, for lowering the well at Milton Mills and bringing the water into the basement, for bringing the water into the basement at the Ponds, for force-pumps at both places, and for slight repairs on the inside of outhouses; and forty dollars, for one coat of paint on the Ponds schoolhouse.

The appropriation asked for to pay back rent on buildings hired of J. D. Willey for school purposes, is for the payment of a bill which the present board supposed already paid by a previous board.
